This smart floodlight deters intruders and lights up your home exterior. The built-in sensor triggers the light to come on when movement is detected. Control from anywhere via app, voice control or manually.

- Adjustable sensor functions on time, motion and light sensitivity.
- Manual override available through BrilliantSmart App allows you to turn the light on or off.
- Easily tuneable colour changing temperature (CCT) warm white 3000K to bright daylight 6000K.
- Latest in ultra-bright COB LED technology, with built-in 11W LEDs.
- Made from durable diecast aluminium.
- IP44 weather resistant for outdoor installation.
- Dimmable via app or voice control through Amazon Alexa® or Google Home®.
- Create schedules & timing to automate your home.
- Compatible with BrilliantSmart devices via automation & IFTTT.
- By combining with a BrilliantSmart Dimmer Mech or Elite Wall Switch you can create a manual override automation.

APPLICATIONS

- Smart floodlight for every home
- Create in app automation, so lights come on based on certain behaviour, ie: when movement is detected via a sensor, the lights turn on automatically
