

The protection and control of circuits against overloads and short-circuits in residential installations.

Technical data

- Complies with AS/NZS 60898
- Tripping curve - C magnetic setting between 5 and 10In
- Breaking capacity: 6000A
- Voltage rating: 240/415V AC
- Current rating: 6 to 63A
- Bi-connect allowing two connection points

Connection capacity

- 25mm² rigid
- 16mm² flexible
