## Features

- Curved lines for a modern look with a protective barrier edge, increasing durability against impacts
- Enhanced terminals for ease of installation
- Raised insulation barriers with large terminals to accommodate up to 4 x 2.5mm<sup>2</sup> cables
- IP53-rated, weather-resistant powerpoint designed for safe and durable use in partially sheltered outdoor or damp environments
- Featuring captive screws that are ergonomically angled with carburised steel and deep heads for greater grip

## Overview

Aqua Life Power Points are purpose-built for the Australian outdoors, combining a sleek, contemporary design with the durability needed to withstand harsh environmental conditions. Designed for surface mounting, they feature a robust, hardwearing exterior and provide generous internal wiring space, along with 25mm conduit knock-out entries for flexible and efficient installation. This makes Aqua Life the most versatile and reliable solution for outdoor power access across residential and commercial applications.

## Documentation

### TECHNICAL DOCUMENTATION

 DSH WLC787 LEG2333.pdf | PDF (0.22Mo)

### Agreements & Certificates

 SDoC-L-0739-01B | (0.18Mo)

## Quality You Can Trust

### Installation

- Quick and flexible surface installation – No wall cavity required, making it ideal for retrofit applications and solid surfaces like masonry or concrete

### Convenient Functionality

- Compact size for confined space applications
